The following document must be read to assist you to properly install your new MGI Cooler & Storage Bag.

Designed with a simple bracket mechanism that allows the Cooler & Storage Bag to easily clip on and off any Zip Series frame.

ASSEMBLY

1. Remove all parts from packaging.
2. Locate the neck of the handle on your Zip Series model, above the top bag support ***(see Diagram 1)***.
3. Push the clasp over the handle ***(see Diagram 2)***. The holes on the clasp should be pointing up ***(see Diagram 3)***.
4. Slide the bag onto the clasp ***(see Diagram 4)***.
5. Attach the bottom bag strap around the handle, below the top bag support ***(see Diagram 5)***.
