WHAT IS THE TRADE PARTNERSHIP PROGRAM?

The Meer Group Trade Partnership Program is a structured finance, trade-execution, and risk-management platform designed to help exporters, manufacturers, and traders fulfil local and international orders — even when they lack operational capacity, liquidity, or banking facilities.

This is not just financing.

It is a complete trade-execution model that ensures security, transparency, and profitability for all parties.

Our Core Value Proposition

- Secure Payment Guarantees through LC-based structures
- Advanced Risk Mitigation across production, documentation & shipment
- Global Trade Facilitation leveraging strong banking & logistics networks
