REDUCING  
OPERATIONAL  
COSTS

03

PROVEN TRACK  
RECORDS OF  
DURABLE AND  
PRECISE SOLUTIONS

05

CUSTOMER-CENTRIC  
APPROACH WITH  
EXCELLENT AFTER-  
SALES SUPPORT

# OUR CLIENTS

## Y&T POWERTECH

Y&T Powertech is an automotive parts specialistn company established as a joint venture between Yusung Enterprise Co., Ltd and TPR also known as Teikoku Piston Ring Inc. from Japan. They produce 2.3 million cylinder liners annually which are installed inside of aluminum engines.

Seojun Inc. has provided resharpener service since 2005, and was used to supply Kanefusa as a exclusive distributor. Seojun is currently supplying Powersaw blades since 2014.

# OUR CLIENTS

## AHSHIN

AHSHIN is an exclusive agent for MEGA and Noritake cutting machines in Busan, Korea. Powersaw has been supplying cermet tipped circular saw blades for cutting steel bars about four years.

AHSHIN previously supplied Tenryu blades before supplying Powersaw. We are planned to visit their office and one of their biggest customer Hyesung Steel on Tuesday.

**"CUT BETTER, LAST LONGER"**
