Deposit Bonus 100% — Terms and Conditions

1. Acceptance

1. By accepting the Deposit Bonus, the Client confirms acceptance of these Terms, the Client Agreement, Risk Disclosure, and the Company's AML/KYC policies. In case of inconsistency, the Client Agreement prevails, save for matters expressly addressed herein.

2. Definitions

"Client" means a natural person who has opened a live trading account with the Company and completed KYC verification.

"Deposit Bonus" means the trading credit granted under these Terms, equal to 100% of the Qualifying Deposit, subject to the Maximum Bonus Cap.

"Qualifying Deposit" means a settled external deposit made by the Client into an Eligible Account through an eligible payment method, in respect of which the Client has activated the Deposit Bonus.

"Eligible Account" means a Standard live trading account, unless the Company expressly approves another account type.

"Maximum Bonus Cap" means the aggregate maximum amount of active and unreleased Bonus Credit, being USD 5,000 (or equivalent) per trading account and per Client's Personal area.

"Bonus Participation Period" means the period of 360 calendar days from activation of the Deposit Bonus.

"Bonus Credit" means the trading credit granted under these Terms.

"Cash Balance" means the Client's own deposited funds, excluding any Bonus Credit.

"Standard Lot" means a position of 100,000 units of the base currency of the underlying instrument; other instruments are converted to Standard Lot equivalents of 100,000 base currency.

"Stop Out" means the automatic closure of open positions by the trading platform when the account's margin level reaches the Stop Out threshold specified for the Eligible Account.

3. Eligibility

3.1 The Deposit Bonus is available to Clients who have completed KYC verification, are at least 18 years of age, and maintain an Eligible Account. The Bonus is available only for the first Qualifying Deposit.

3.2 Only one (1) Deposit Bonus is available per Client, and the granted Bonus Credit is limited to a single Eligible Account. The Company applies deduplication checks across KYC data, name, email, phone number, IP address, device or browser fingerprint, residential address, payment method, card, bank account, crypto wallet, household, and related parties. Duplicate, related, or coordinated participation will result in cancellation of the Bonus, any related profit, and any related partner remuneration.

4. The Deposit Bonus

4.1 Upon the Client's request via the Client's Personal area, the Company shall credit a Bonus Credit equal to 100% of the Qualifying Deposit, subject to the Maximum Bonus Cap. The Bonus is not credited automatically.

4.2 Aggregated active and unreleased Bonus Credit shall not exceed **USD 5,000** (or equivalent) per trading account and **USD 5,000** per Client's Personal area. Where a Qualifying Deposit would cause this cap to be exceeded, the Bonus Credit shall be limited accordingly.

4.3 Internal transfers, rebates, cashback, partner commissions, balance corrections, returned funds, chargebacks, reversed deposits, and other promotional credits do not constitute Qualifying Deposits unless the Company expressly states otherwise.

4.4 Until fully released under clause 5, the Bonus Credit is trading credit and not client money. It forms part of the Client's Equity and Free Margin and may be used as margin for trading positions, but is not withdrawable, transferable, or convertible into cash.

4.5 The Eligible Account will only be allowed to trade the Bonus Credit within the Bonus Participation Period. If the Eligible Account does not trade the Bonus Credit within the Bonus Participation Period, such Bonus Credit or the remaining part thereof (if the Bonus Credit is traded partially) will be lost upon conclusion of the Bonus Participation Period.

5. Trading and Bonus Release

5.1 The Bonus Credit participates in any drawdown on the Eligible Account. Trading losses reduce the total account Equity, which includes the Cash Balance and Bonus Credit together.

5.2 Profit realized from trading accrues to the Cash Balance and is withdrawable subject to clause 6.

5.3 The Bonus Credit becomes withdrawable only after the full Required Trading Volume has been completed. The release rate is:

1 Standard Lot of eligible round-turn volume = USD 1 of Bonus Credit released

5.4 As an example, a Bonus Credit of USD 500 requires the completion of 500 Standard Lots; a Bonus Credit of USD 5,000 requires 5,000 Standard Lots.

5.5 Only closed round-turn trades on instruments designated by the Company as eligible (including, without limitation, foreign exchange pairs and precious-metal CFDs) count towards the Required Trading Volume.

5.6 Only trades which will be opened for at least 180 consecutive seconds will be considered valid for the purpose of calculating the Required Trading Volume.

5.7 Hedged positions shall not be considered for the calculation of the Required Trading Volume, including when hedging occurs between multiple accounts held by the same Client or related parties.

5.8 The Company may exclude from eligible volume any trade that is offset, closed too quickly to represent genuine market risk, opened to exploit latency or price gaps, opened on prohibited instruments, or otherwise inconsistent with the purpose of the Promotion. The Company's calculation of eligible volume is final.

5.9 No partial withdrawal or partial conversion of an active Bonus Credit is available unless the Company expressly decides otherwise.

6. Withdrawals and Cancellation

6.1 Any withdrawal or internal transfer request from an Eligible Account holding active and unreleased Bonus Credit shall result in the immediate and full cancellation of all active and unreleased Bonus Credit on that account, before the request is processed.

6.2 The Deposit Bonus may be cancelled and will not be restored where: (a) a Stop Out event occurs on the Eligible Account; (b) a withdrawal or internal transfer is requested before full release; (c) the deposit is reversed, charged back, or found to be third-party or non-compliant; (d) the account is closed or archived; (e) KYC/AML requirements are not satisfied; or (f) the Client is found in breach of these Terms or any Company policy.

6.3 Bonus Credit already released and transferred to the Cash Balance prior to cancellation is unaffected and remains withdrawable. The Company shall not be liable for any consequences arising from cancellation, including the closure of open positions or any resulting losses.

7. Prohibited Conduct

7.1 The Deposit Bonus is intended to support genuine trading. The Client must not engage in: multi-accounting; coordinated or related-party participation; internal or external hedging; latency, statistical or price arbitrage; the use of automated systems or copy-trading that generate artificial volume without genuine market risk; news-gap or platform exploitation; chargeback or payment abuse; VPN or proxy misrepresentation; false or misleading documentation; or any other abusive, fraudulent, or bad-faith activity.

7.2 Where the Company identifies, in its reasonable judgment, any conduct under clause 7.1, or any accounts connected through shared identifiers under clause 3.2, the Company may cancel the Deposit Bonus and any related profit, disqualify all related accounts, and reverse any related partner remuneration. The Company's decision in any anti-abuse determination shall be final and binding.

8. Partner Remuneration

8.1 No CPA payment is payable to introducing brokers or affiliates under the Deposit Bonus. For lot-based partner remuneration, the Company may exclude any bonus-supported, abusive, artificial, or disqualified volume from commission calculations and may reverse partner remuneration where abuse, coordinated trading, or bonus farming is suspected.

9. General

9.1 The Company may amend, suspend, or terminate the Promotion at any time at its sole discretion, including for reasons of suspected abuse, regulatory restrictions, technical errors, payment issues, system limitations, AML concerns, or commercial reasons. Where reasonably practicable, prior notice shall be given.

9.2 The Client may opt out of the Promotion at any time by requesting the Company's support service. Active and unreleased Bonus Credit at the time of opt-out shall be cancelled.

9.3 In case of inconsistency between the English version of these Terms and any translation, the English version prevails.
