Welcome Bonus $100 — Terms and Conditions

1. Acceptance

1.1 By accepting the Welcome Bonus, the Client confirms acceptance of these Terms, the Client Agreement, Risk Disclosure, and the Company's AML/KYC policies. In case of inconsistency, the Client Agreement prevails, save for matters expressly addressed herein.

2. Definitions

"Client" means a natural person who has opened a live trading account with the Company and successfully completed KYC verification.

"Welcome Bonus" means the non-cashable trading credit of **USD 100** granted under these Terms.

"Qualifying Deposit" means the Client's first external deposit of at least **USD 50** (or equivalent) into an Eligible Account.

"Eligible Account" means a Standard live trading account opened by the Client with the Company.

"Cash Balance" means the Client's own deposited funds, excluding any Bonus Credit.

"Bonus Credit" means trading credit granted under these Terms, recorded separately from the Cash Balance.

"Bonus Period" means the period of 30 calendar days from activation of the Welcome Bonus.

3. Eligibility

3.1 The Welcome Bonus is available exclusively to new Clients who have not previously received any Welcome Bonus from the Company, are at least 18 years of age, have successfully completed KYC verification, and have made a Qualifying Deposit.

3.2 Only one (1) Welcome Bonus is available per Client, and the granted Bonus Credit is limited to a single Eligible Account. The Company applies deduplication checks across KYC data, name, email, phone number, IP address, device or browser fingerprint, residential address, payment method, card, bank account, crypto wallet, household, and related parties. Duplicate, related, or coordinated participation will result in cancellation of the Bonus, any related profit, and any related partner remuneration.

4. The Welcome Bonus credit

4.1 Upon a Qualifying Deposit being credited to the Eligible Account of a verified Client, the Company shall credit the Welcome Bonus as a non-cashable trading credit. The Bonus Credit increases the Client's Equity and Free Margin for trading purposes only and is not part of the Client's withdrawable balance.

4.2 Any deposit method available in the Client Area is eligible, including bank cards, electronic wallets, bank transfers, and cryptocurrencies, subject to the Company's AML, source-of-funds, and payment ownership checks. Third-party deposits are not permitted. The Company may delay, refuse, or cancel the Bonus or any withdrawal where payment, ownership, or source of funds is not reasonably confirmed.

5. Trading, Losses, and Profits

5.1 Bonus Credit and Trading Losses

The Bonus Credit forms part of the Eligible Account Equity. Trading losses shall first be deducted from the Client's Cash Balance. Once the Cash Balance is fully depleted, further losses may be deducted from the Bonus Credit. If the Account Equity falls below the Bonus Credit amount, the Company may, at its sole discretion, reduce or remove the Bonus Credit. Such removal may affect the Account Equity, Margin Level, and open positions.

5.2 Profit realized from trading, whether utilizing Cash Balance, Bonus Credit, or both, shall accrue to the Cash Balance and is freely withdrawable in accordance with the Company's normal withdrawal policy.

6. Withdrawals and Cancellation

6.1 Any withdrawal or internal transfer of funds from the Eligible Account during the Bonus Period shall result in the immediate and full cancellation of the active Welcome Bonus, before the request is processed. Profit already accrued to the Cash Balance is unaffected.

6.2 The Welcome Bonus may be cancelled and will not be restored where: (a) a Stop-Out event occurs on the Eligible Account; (b) the qualifying deposit is reversed, charged back, or found to be third-party or non-compliant; (c) KYC/AML requirements are not satisfied; (d) the account is closed or archived; (e) the Client is found in breach of these Terms or any Company policy.

6.3 The Company shall not be liable for any consequences arising from the cancellation of the Welcome Bonus, including, but not limited to, the closure of open positions or any resulting losses.

7. Prohibited Conduct

7.1 The Welcome Bonus is intended to support genuine trading. The Client must not engage in: multi-accounting; coordinated or related-party participation; internal or external hedging; latency, statistical or price arbitrage; news-gap or platform exploitation; chargeback abuse; VPN or proxy misrepresentation; false or misleading documentation; the use of automated systems or copy-trading that generate artificial volume without genuine market risk; or any other abusive, fraudulent, or bad-faith activity.

7.2 Where the Company identifies, in its reasonable judgment, any conduct under clause 7.1, or any accounts connected through shared identifiers under clause 3.2, the Company may cancel the Welcome Bonus and any related profit, disqualify all related accounts, and reverse any related partner remuneration. The Company's decision in any anti-abuse determination shall be final and binding. The Welcome Bonus is the property of the Company.

8. Partner Remuneration

8.1 No CPA payment is payable to introducing brokers or affiliates under the Welcome Bonus. For lot-based partner remuneration, the Company may exclude any trading volume supported by the Welcome Bonus from commission calculations and may reverse partner remuneration where abuse, coordinated trading, or bonus farming is suspected.

9. General

9.1 The Company may amend, suspend, or terminate the Promotion at any time at its sole discretion, including for reasons of suspected abuse, regulatory restrictions, technical errors, payment issues, system limitations, AML concerns, or commercial reasons. Where reasonably practicable, prior notice shall be given.

9.2 The Client may opt out of the Welcome Bonus at any time by requesting the Company's support service. Upon receipt of such a request, the Bonus Credit shall be removed from the Eligible Account.

9.3 In case of inconsistency between the English version of these Terms and any translation, the English version prevails.
