LOOKBOOK

YEARS OF
INNOVATION

MAKING OUR CUSTOMERS HAPPY:

The windows on our home needed to be changed so after doing our homework and going to multiple showrooms we decided to give the work to Durabuilt. And it was the right decision. We originally met Craig at a home show in Edmonton and he was very personable and was already giving us suggestions and things to think about in that first quick meeting. He helped us throughout the whole process and answered all of our questions. With the installation, Sergiu and his team did a great job. They came in and put in 14 new windows within 2 days. They laid out the sheets on the floor to keep it as clean as possible and were kind and professional. In addition, the service team has been great with any little touch ups that were needed to get these fixed ASAP. The windows look great and we love them, months later! Definitely an upgrade.

MICHAEL RAGHOO

We recently had three window panes replaced due to seals that had worn out. We were very impressed by Durabuilt through the whole process. The windows were almost 15 years old and Durabuilt only charged us for the install of the product - standing by their warranty.

The staff were helpful both over the phone and in person with the crew who did the install. Very happy with the whole process.

ANDREA ANDERST

Ours was a brilliant experience in service and product. Ryan, our sales representative, provided wonderful guidance and advice to completing our order. Delivery was as promised. Our service person, Vitali, was brilliant with installation - so professional and precise. Thank you so much. We will see you again with our next order.

JOHN VAN DYK

Right from the moment of our consultation to the end of installation, the team at Durabuilt were professional, efficient, and helpful through the process. We LOVE our new windows.

Thank you!

WENDY PIPER KULAK

Everything looks great and went smoothly, very tidy and great communication from the installer and salesperson.

TAYLOR DANIELLE WIERENGA
