

LOCAL UNION 97

International Brotherhood of Electrical Workers

Syracuse, New York

Brothers and Sisters,

Local 97's tentative agreement with National Grid did not pass ratification. We have decided to extend the current Collective Bargaining Agreement to Midnight June 17th, 2023. This will allow the Union and Company to continue discussions regarding a new contract and to include outstanding Article XXIIIs.

The voices of our members were heard at the explanation/ vote meetings across the divisions. More time is needed to properly address those issues. More information on the contract negotiations will be communicated with the membership when available.

In Solidarity
