

Close Gaps in Care to Improve Patient Outcomes

Why Choose Office Ally's Gaps in Care Service

- 1. Enjoy Unparalleled Data Access:** Office Ally provides access to a database of hundreds of millions of patient records with up to 10 years of historical claims data.
- 2. Improve Provider Collaboration:** Foster stronger partnerships between payers and providers by delivering actionable insights that support shared care quality goals. This alignment improves care coordination and helps close care gaps more effectively.
- 3. Drive Quality Improvement:** Office Ally helps health plans improve plan ratings and achieve better quality metrics by identifying gaps in care so providers can focus on delivering high-quality patient care.

Unlock the power of millions of patient records

Office Ally's Gaps in Care service empowers health plans to identify and close care gaps efficiently, even when patient histories are incomplete. Gain unmatched access to hundreds of millions of patient records with up to 10 years of historical claims data.

Enhance quality metrics

Drive improved plan ratings and financial incentives by ensuring patients receive necessary care. Office Ally's Gaps in Care service delivers HEDIS-formatted reports that help health plans track compliance and optimize performance in value-based care models.

Streamline patient management

Health plans frequently struggle with incomplete patient histories for their enrollees. Office Ally's proprietary process enables seamless tracking across multiple payers, ensuring care continuity and minimizing gaps in preventive screenings and chronic disease management.

Strengthen provider collaboration

Align care quality goals between payers, providers and patients with data-driven insights. Office Ally's Gaps in Care service helps support your targeted provider outreach efforts, helping close care gaps efficiently while fostering stronger payer-provider relationships.
