Comedy, magic and a bit of madness – that's me!

I am Shorty — Comedy magician with a lot of heart, humor and over 20 years of stage experience.

About me — shortly

I learned from real masters of their craft — including the legendary Jim Cellini, the “king of street magic.” He showed me what real magic is all about.

Since then, I've been making people laugh, amaze — and sometimes even float (no joke, it really happens).

In addition to numerous magic seminars, I am constantly learning: for example at the renowned **Scuola Teatro Dimitri** in Verscio or in exchange with well-known **directors** and artists from all over the world.

Whether it's a corporate event, wedding or theatre stage — I remain spontaneous, charming and guaranteed to be uncomplicated.

Good reasons for Shorty!

Over 20 years of experience as a magician — on stage, at weddings, corporate events and variety shows.

Humorous, flexible — and guaranteed to be uncomplicated. I do magic in Standard German, Swiss dialect, English — and even Swedish.

Reliable show formats & fair prices. Transparent packages without hidden costs — individually adaptable for your event.

Magic that lasts. Whether in Zurich, St. Moritz St. Gallen, or Chur — I make guests laugh, marvel and think.

After the mega performance of Polo Hofer and Co., it wasn't an easy starting position for you to keep up the mood — but you succeeded brilliantly — thank you very much.

Shorty was great. He immediately absorbed the atmosphere of the AEb network and amazed people in small groups. We are thrilled!

Frequently asked questions (FAQ)

What kind of shows do you offer?

I offer tailor-made shows for corporate events, weddings, birthdays, festivals, theatre — and everything in between. Always charming, spontaneous and with a pinch of fine humor.

What age are your shows suitable for?

My shows work just as well for adults as they do for kids. I flexibly adapt the style and content to the audience — from children's birthday parties to CEO dinners.

How long does a show last?

Between 20 minutes and 90 minutes — depending on the occasion, wishes and audience. Several short appearances throughout the evening are also possible.

Can you also be booked for small events?

Yes! I also like to perform on a small scale — for example at birthdays, family parties or club events. There is no minimum amount of fun.

In which regions can you be booked?

I travel primarily in Switzerland: Zurich, Bern, Basel, St. Gallen, Chur and southern Germany — but can also be booked internationally when it's convenient.

How much does a show cost?

I work with fair, transparent packages — depending on the type and duration of the event. Just send me a short request and you will receive a non-binding, free offer within 24 hours.

What do you need locally?

For my show, an area of approx. 3×3 meters is sufficient, on which I am clearly visible. I bring everything with me for up to 120 people: pedestal, sound and lighting equipment. For larger events, I need a raised stage and professional lighting and sound technology on site.

Do you also do moderation or walking acts?

Sure! I can guide you through the evening or entertain guests as a “wandering magician” — charming, unobtrusive, right at the table or between people.
