Human Anatomy & Physiology Laboratory Manual 13th Edition: Managing Time and Learning Inside and Outside the Lab ===== Looking forward to studying human anatomy and physiology in our lab course. Our #1 best-selling lab manual helps students like you effectively manage time inside and outside of the A&P lab classroom, working closely with Mastering A&P, a leading online homework and learning program for A&P. For two semesters, we'll work together to master key concepts from lab exercises, using dozens of new full-color figures and photos in our review sheets. We'll also assign recommended Mastering A&P activities before each lab exercise, including 18 pre-lab videos (8 are new to this edition), Building Vocabulary Coaching Activities, exercise review sheet assessment questions, art labeling activities, mobile-ready Practice Anatomy Lab 3.1 with customizable flashcards. We can easily create homework assignments that align with our lab activities using thousands of assignment options in the Item Library, closely correlated with the print edition of our manual. We'll set the standard for a 2-semester A&P laboratory course, complying with the illustration and presentation style of the best-selling Marieb/Hoehn Human Anatomy & Physiology text. Our lab manual is available in three conventional versions: Main (12th Edition), Cat (13th Edition), and Fetal Pig (13th Edition). New customization options are also available through Pearson Collections.
