I'm not a robot

The Hades' Cursed Luna novel has been steadily releasing new chapters. With a total of 313 translated chapters available as of May 29, 2025, fans can dive into the world where Lycans and werewolves are sworn enemies. The story revolves around Eve Valmont, a werewolf cursed by a prophecy and framed by her own pack. Imprisoned for years, she's offered to Hades Stavros, the ruthless Lycan King, who believes she holds the key to his victory over their arch-nemesis.As Hades navigates his complex emotions towards Eve, he struggles with using her as a mere tool or allowing himself to be drawn to her. This inner turmoil is reflected in his interactions with Eve, where he's torn between his duty and his growing feelings for her. A pivotal moment arises when Hades confronts Eve about laughing at other men's jokes but not his own, sparking a charged exchange that leaves both characters breathless.Their chemistry is palpable as they share a forceful kiss, leaving Eve shaken and Hades with an unyielding possessiveness. The tension between them is undeniable, hinting at a deeper connection that could either forge their bond or destroy it completely. Readers can continue reading to unravel the intricate web of relationships and power dynamics within this world.Furthermore, fans have been eagerly awaiting the release of more chapters, particularly those from "FROM ALPHA'S REJECTION TO MAJESTIC RETURN" up to chapter 95 and beyond chapter 196. The author has made efforts to accommodate these requests, showcasing a dedication to engaging with their audience.
