

XPY1100

- Using imported brand engine, it has strong power, high efficiency and low energy consumption.
- The crusher adopts motor drive, and the transmission is more stable and efficient.
- Large-stroke crusher, supplemented by crusher load detection and control, has larger crushing capacity and better particle shape.
- The intelligent continuous feeding system ensures smoother material flow and more continuous production.
- Wireless remote control, one-click start/stop, intelligent fault diagnosis, real-time monitoring, storage and operation status, making user operation easier.
- Professional design of low-pressure spray dust removal and vibration reduction of vibration parts makes the whole machine more environmentally friendly.

Mobile Cone Crushing Plant

Product Model	XPY1100	XPY1100G
Power Drive Mode	Oil and Electricity Dual Use	Oil and Electricity Dual Use
Maximum Feeding Size	240 mm	240 mm
Rotor Diameter	1160 mm	1160 mm
Processing Capacity	110-440 t/h	110-440 t/h
Complete Machine Weight	63 t	63 t
Engine Brand	SCANIA SCANIA (National III)	SCANIA SCANIA (National IV)
Engine Power	364 kW	368 kW
