SQ FT HEATED

The Timeless Manor pairs classic curb appeal with a thoroughly modern family layout. A courtyard-entry garage frames the front elevation, while four bedrooms and four and a half baths give its 3,446 heated square feet room for every season of life.

The first-floor primary suite makes long-term living effortless, and a separate in-law suite welcomes extended family and guests. An open kitchen, dining, and great room with wet bar anchors the main level, expansive covered patios extend the living space outdoors, and an upper recreation loft gives kids and hobbies a place of their own.
