CARE PLAN

The experts at Royal Mansour Marrakech work with you to sketch out the contours of a gentle rejuvenation, where each smoothed wrinkle resounds like a revenge on time. The retreat can be experienced as a 3, 5 or 7 day programme but is based around similar principles:

Nutrition:

Upon arrival you will complete a 90 minute consultation with a nutritionist, and throughout your stay you will benefit from a nutritional follow-up tailored to your needs as well as a consultation upon departure.

Throughout your stay, the chefs of the Palace will create tasty, personalised menus for breakfast, lunch, and dinner. Organic fruit juices, shots, and smoothies as well as teas and infusions with draining and slimming properties are offered throughout the programme.

Wellness:

An expert will share tips to stimulate collagen production that will make long-lasting changes to your daily life. The anti-ageing treatment includes a wellness consultation upon arrival and departure, as well as a personalised programme to be followed at home.

Body Composition:

The multidisciplinary team at Spa Royal Mansour will determine your biological profile to create a personalised health plan.

Scalp Analysis:

An accurate diagnosis of the condition of your hair, scalp and hair bulbs will be performed using a micro-visioner, followed by treatment suggestions adapted to your hair type.

Unlimited Access to Spa Facilities & Group Activities:

The fitness area, sauna, holistic courses, heated swimming pool and nutritional workshops are open to you throughout the entire anti-ageing programme.
