1. Executive Summary

Wave Wealth is a decentralized prize pool and participation rewards platform built on smart contracts and governed by its users. Inspired by cooperative savings systems like Susu, Aji, and San, Wave Wealth reimagines collective value sharing through blockchain.

Users participate in prize pools using the WAVE token. Even if they don't win, they earn XP, reputation, and referral-based rewards. The protocol uses Chainlink VRF for fairness, and all governance is handled through a DAO. Code is open, audited, and transparent.

2. Vision & Belief System

“I’m not the founder. But I’m not important. For now, I’m #1. There will be many more numbers after me — and each will leave an impact. The founder is just the first, not the last.”

Wave Wealth was not built to chase hype. It was created to challenge centralized, extractive systems. This isn't a 10x moonshot. It's infrastructure for collective value — where participation always matters, and contribution is rewarded.

We believe:

- Not everyone will win a prize, but everyone can benefit.
- Small losses can drive large gains when pooled collectively.
- True wealth is built by systems, not speculation.

3. Market Opportunity

The global prize pool, gaming, and DeFi markets exceed \$500B annually — but remain extractive, centralized, and opaque. Many Web3 projects replicate these broken models with speculative tokens and poor mechanics.

Wave Wealth introduces:

- Transparent pools
- Automated, audited contracts
- Sustainable tokenomics
- DAO-led evolution

4. Platform Overview

Core Product: Wave Pools — prize pools run on-chain.

- Daily Pool: 1 WAVE per entry
- Mega Pool: 5 WAVE per entry
- Winners selected by Chainlink VRF
- All rewards distributed automatically by smart contracts

Additional systems:

- XP system for user engagement
- Referral tracking
- NFT boosts
- DAO governance structure

5. Core Mechanics

Smart Contracts: All core logic — pools, payouts, XP — is on-chain.

VRF Randomness: Winners selected with Chainlink's Verifiable Random Function for transparent fairness.

Pool Rewards:

Daily Pool:

- 70% to winner
- 10% to DAO Treasury
- 5% to burn or liquidity
- 15% to Mega Pool

Mega Pool (monthly):

- Higher stakes, same structure
- More visibility and DAO control

XP and Referrals:

- Earn XP for playing, testing, and referring
- XP unlocks status, NFTs, and future benefits
- Referrals may impact airdrop and reward eligibility

6. Tokenomics

Token: WAVE^[1]_[SEP]Blockchain: Binance Smart Chain (BSC)_[SEP]Total Supply: 100,000,000 WAVE^[1]_[SEP]Use cases: Pool entry, governance, XP boosts, NFTs, staking (future)

Distribution:

- 15% Team (vested)
- 10–15% Presale

- 20% DAO Treasury
- 10% Ecosystem Fund
- 15% XP / Rewards
- 10% Liquidity / LP
- 5% Legal & Operations
- 2–5% Contributors & Advisors
- 5–8% Reserve

Team tokens: 12-month cliff, 24-month linear vesting^{[1][SEP]} Presale: \$25K soft cap, \$50K hard cap

7. Governance & DAO

Wave Wealth will be governed by its users via a DAO.

- 1 WAVE = 1 vote
- Users can propose changes, upgrades, treasury usage
- DAO manages emissions, new pool mechanics, partnerships
- Governance evolves as decentralization increases

All DAO activity will be recorded and visible on-chain.

8. Legal, Security & Compliance

Security:

- Audited smart contracts
- Open-source code
- Locked liquidity
- No upgradeable proxies

Legal:

- Operated by Wave Wealth Inc. (incorporation in Panama in progress)
- Applying for Curacao eGaming license
- Restricted participation in some regions (e.g., U.S.)

Users participate at their own risk. Regional disclosures will be published where applicable.

9. Roadmap

Q2 2025 – Beta testing, XP system live Q3 2025 – Presale, audits, LP lock Q4 2025 – Mainnet launch, DAO governance Q1 2026 – NFT integration, Mega Pools Q2 2026 – Curacao license, multichain expansion Beyond – DAO scaling and governance-led updates

10. Closing Statement

Wave Wealth is not here to promise easy money. It exists to deliver structure, fairness, and community-powered rewards.

Not everyone will win — but everyone will matter. By contributing, referring, voting, or simply participating, users help shape an economy designed for long-term impact.

If you're tired of watching the old system win — join us in building a new one.

11. Disclaimers

Wave Wealth is not a financial product or investment service. No guaranteed earnings are offered or implied. Token value may fluctuate. Participation is voluntary. All users are responsible for complying with their local laws.

Wave Wealth Inc. is currently undergoing incorporation in Panama. DAO votes are

advisory until encoded in smart contracts.
