Social media has become part of everyday life for many families. Whether it's a parent's account, a teenager's profile, or another household member's social media presence – this coverage provides support when accounts are compromised.

PROTECT YOUR DIGITAL LIFE

- 24/7 monitoring of major social networks
- Identifies fake profiles using your name or photos
- Allows you to shut down phishing and malware attacks
- Detects exposed personal information on the dark web
- Identifies fraudulent links associated with your profiles
- Protects your online reputation and relationships
- Up to \$25,000 in account restoration expense reimbursement

PEACE OF MIND ONLINE

Florida Peninsula's social media endorsement helps protect more than just your social media accounts – it protects your entire household's sense of security.

If a breach occurs, you'll have access to a specialist who can assist with restoring the affected accounts and returning them to their pre-breach status.

And with no deductible, you can feel confident your family gets the support they need when online issues arise.
