Email: minhgianggiadoan@gmail.com

Phone Number: +1 437 366 0793

PROFESSIONAL SUMMARY

Creative and motivated design student with a specialization in inclusive UX/UI design. Experienced in translating complex user flows into accessible, high-fidelity web experiences using Figma and front-end principles. Proven ability to conduct accessibility audits (WCAG 2.1) and manage remote creative projects as a student leader.

WORK EXPERIENCES

Media Team Leader – Humber VSA

July 2024 – Present

- Manage a remote-capable media team to deliver digital design projects, ensuring all content meets brand and accessibility guidelines.
- Collaborate with stakeholders to create responsive visual content and maintain a consistent design system for efficient production.

Graphic Design Intern – Black Print Studios

May 2025 – August 2025

- Conducted a UX/UI audit of the company website, documenting specific recommendations for accessibility and usability improvements.
- Created short-form video and digital assets focused on clear communication and user engagement across platforms.

KEY PROJECTS

Project: GO Transit Accessibility Audit

April 2026

- Performed a technical audit of the trip-planner website based on WCAG 2.1 standards.
- Redesigned navigation flows to improve the experience for users with visual or motor impairments.

Project: PawCare (Data Management)

November 2025 – December 2025

- Designed an end-to-end mobile and web concept for health record management using Figma's Auto Layout.
- Created a component library that supports seamless transition between desktop and mobile screen sizes.

SKILLS

Design & Layout:

- Figma (Auto Layout, Components)
- Adobe Creative Suite (Photoshop, Illustrator, InDesign)
- Webflow.

Front-End Principles:

- HTML, CSS, Basic JavaScript
- Responsive Web Design.

Accessibility:

- AODA/WCAG 2.1 Foundations
- Inclusive Design
- Digital Accessibility Auditing.

UX Research:

- Wireframing
- High-Fidelity Prototyping
- User-Centered Design.
