

2026 MANITOBA WINTER GAMES

Futsal Technical Package

Technical Packages are a critical element of the Manitoba Games. They guide the selection of teams by detailing age and eligibility requirements, govern competition by outlining tournament formats and scoring procedures, and identify the minimum/maximum number of participants permitted by region.

Technical Packages are developed 12-18 months prior to the Games by the relevant Provincial Sport Organization (PSO) following the standards set in place by Sport Manitoba.

After publication, any changes to the Technical Packages must be approved by Sport Manitoba – requests should first be sent to the PSO for consideration. Adjustments to age groups, eligibility requirements, team sizes, or competition formats will not be considered within six months of the start of Games.
