summer camp success

Since its kick-off in Egypt in 2015, Almaza Bay Camp by Les Elfes has successfully managed to earn its title as an unmatched camp experience for kids and teens alike. For over a decade, the collaboration between Almaza Bay and Les Elfes International has welcomed children ages 7 to 14 of diverse nationalities, engaging them in a wide range of adventures, activities, teamwork exercises and more. Under the supervision of well-experienced instructors from Les Elfes International in Switzerland, campers have been ushered into a world of fun, exploration and insightful experiences.

“

“Les Elfes is a place where I just worry about having fun, not about my phone, or how I look. I get to meet new people to make friendships and memories that last. I did many activities and I always had a smile on my face even when nothing was happening. If you wanna have fun then les Elfes is the place to go.”

- Malika Taher
(Attended Summer'17 and Summer'19)

“I am very proud I have been part of the camp the 5 last years and I am blessed to see that oldest campers are now applying to become staff; it means so much to me and the team!”

- Raphael Nouailhat
(Almaza Bay Camp by Les Elfes Manager
for 5 consecutive years)

Almaza Bay Camp by Les Elfes **goes green!**

As part of the Green Star® Hotel Program, we have become well aware of how much the use of non-biodegradable materials affects our planet. This year, we take a step further in minimizing our carbon footprint by limiting the use of plastics and materials that are harmful for our environment. Also, we tweaked most of our activities to make our children aware of the importance of giving back to our planet.

With that in mind, we will be using eco-friendly materials in all of our arts and crafts activities, water battles will be conducted using biodegradable sponges instead of water balloons, and we will also be using reusable water bottles and paper cups instead of plastic.
