**Wordmark**

# Wordmark Usage

## Do!

- Maintain proper aspect ratio.
- Provide proper scaling for the wordmark.
- Ensure proper contrast behind the wordmark.
- Use flat logo variants for professional environments.

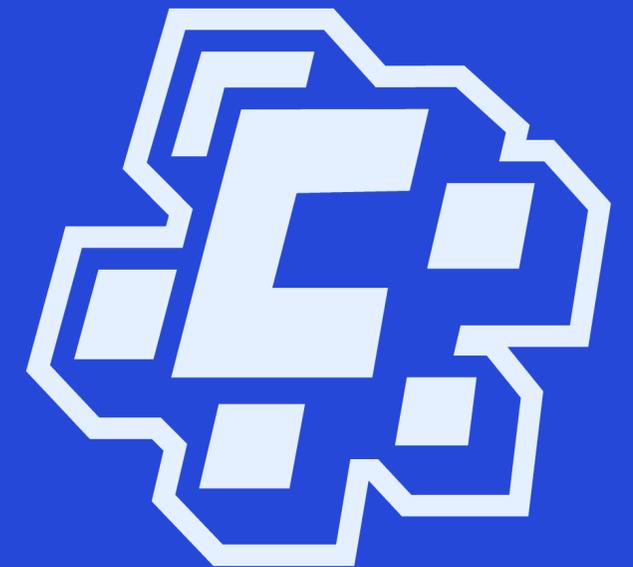

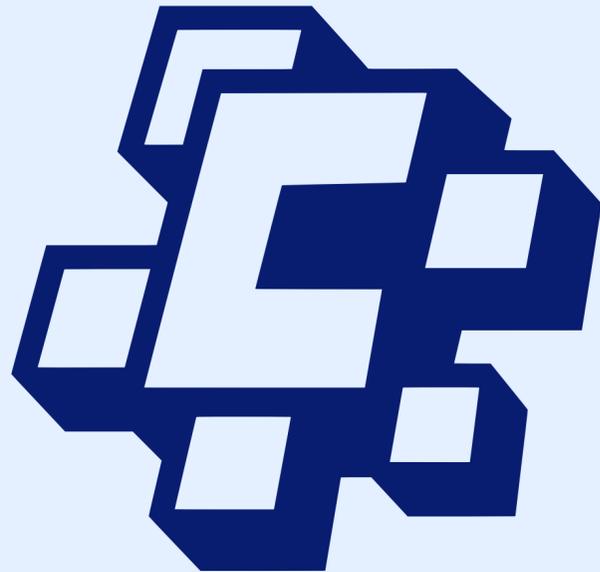

## Don't!

- Recolour the wordmark.
- Stretch the wordmark.
- Rotate the wordmark.
- Place elements over the wordmark.
- Cut, crop or modify the wordmark.
- Add effects to the wordmark.
- Make the wordmark too small.

# Colour Usage

## ✔ Do!

- Prioritise “Blocky Blue” overall.
- Prioritise primary & secondary colours.
- Use Tertiary colours for body text.
- Try to follow the suggested pairings.

## ✘ Don't!

- Recolour Primary & Secondary colours.
- Pair poorly contrasted colours.
- Use tertiary colours as main subjects.
- Overlap two colours of similar lightness.

# Wordmark Variant

2025 (Current Variant)

# Variant Usage

## Do!

- Use current variant when representing the year of event.
- Use appropriate variant when discussing previous events.
- Ensure proper contrast of variants.
- Maintain proper aspect ratio.
- Provide proper scaling for variants.

## Don't!

- Use the incorrect variant when representing the year of event.
- Use incorrect variants to promote current or future events.
- Modify variants out of their given design state.
- Place elements over the variants.
- Cut, crop or modify the lettermark.
- Add effects to the variants.
- Make the variants too small.

With the 2025 rebrand, all previous assets, wordmarks, lettermarks, and logo variants must not be used in context to Cubed!'s current and future marketing.

You may use old assets, wordmarks, lettermarks, and logo variants, only when on the topic of those previous events.

To ensure branding is stable and consistent, we ask if you have any queries about usage to contact us via [support@cubedcon.com](mailto:support@cubedcon.com)
