Fiscal 2025 (estimates)	¥72.5	¥72.5	¥145.0

2. Reasons

We maintain a capital policy pursuing the optimal balance between capital adequacy, growth investment and enhancement of shareholder returns. In accordance with this initiative, we set forth the shareholder return policy pursuant to which progressive dividends are our principal approach while also executing flexible and intermittent share buybacks; we determine the amount of dividends based on the perspective of achieving steady growth of our stable earnings base, taking into consideration a dividend payout ratio of 40% as a guide.

Based on the financial results for Fiscal 2024 announced today and, in accordance with our shareholder return policy, we will increase the year-end dividends by ¥10 from the most recent estimates, to ¥75 per share for Fiscal 2024. As a result, the annual dividends increase by ¥35 to ¥140 per share from the previous fiscal year.

From Fiscal 2025, we decided to set forth our new shareholder return policy of keeping progressive increase of dividends per share, while executing flexible and intermittent share buybacks. We will increase dividends per share by approximately ¥5.0 each fiscal year, based on the steady growth of our stable earnings base.

Based on the new policy, the annual dividends for Fiscal 2025 are estimated to be ¥145 per share, a year-on-year increase of ¥5.

We aim to continuously expand our stable earnings base and enhance shareholder returns.
