

## **1. Minimum Age Requirement**

Sample Assist and its associated applications, platforms, and services are intended solely for individuals aged 18 years and over.

By accessing, registering for, downloading, or using any Sample Assist application or service, you confirm that you are at least 18 years of age.

## **2. Reason for Age Restriction**

Sample Assist provides digital services in support of occupational health, workplace drug and alcohol testing, medical screening, and employment-medical compliance activities.

These services involve the handling of regulated health information, workplace compliance data, and legally binding records, and are therefore not suitable for use by minors.

Accordingly, Sample Assist is designed exclusively for use by adults aged 18 years and over.

## **3. App Store Age Ratings**

Sample Assist applications are published with an 18+ age rating on the Apple App Store, in accordance with Apple's age-rating and age-suitability requirements.

Sample Assist applications are also published on Google Play in accordance with Google Play's target audience declarations and the International Age Rating Coalition (IARC) rating framework.

These age ratings reflect the nature of the services provided and the legal and regulatory environment in which Sample Assist operates.

## **4. Children's Data**

Sample Assist does not knowingly collect, use, or process personal or health information from individuals under 18 years of age. Any account or access identified as belonging to a minor may be restricted or terminated.

## **5. Further Information**

For additional details about eligibility, acceptable use, and user responsibilities, please refer to Sample Assist's Terms and Conditions and Privacy Policy.
