

Welcome

Dear Patient,

Thank you for creating an account on our new digital care app, Dr. Katz.

We know that increasing access to high-quality mental health care is more important than ever. We wish to meet you where you are: at home, on the go, on your phone.

Be well,

**Maurizio Fava, MD**

Chair of Psychiatry, Mass General Brigham

## Meet Dr. Katz, the healthcare knowledge platform trusted by patients and clinicians.

"We're excited to bring Dr. Katz into the Pediatric Psychiatry OCD and Tic Disorders Program! We'll be sending you brief questionnaires before each appointment and a larger set of questionnaires every six months. Your answers will help our clinicians understand your main concerns.

When we meet, we can focus on these symptoms and gain a better understanding of your life. We are helping you put the pieces of the puzzle together and help you understand what is going on."

— **Erica Greenberg, MD**

Director, Pediatric OCD and Tic Disorders Program,  
Massachusetts General Hospital

# Get started in 1 minute

- 1 Go to Patient Gateway and look for the invitation, sent by a member of our care team.**

Click the link to create a secure username and password on the Dr. Katz app.

- 2 Log in with your username and password.**

Set up your profile by selecting any topics you want to learn about.

- 3 Look for Assignments on the Home screen.**

Please complete these before visits.

- 4 Scan QR code to get the mobile app for easy access on-the-go!**

If you prefer using a browser, please bookmark the website: [mydrkatz.com](https://mydrkatz.com).

**Dr. Katz**
