Tradition, Strength, Beauty and Value

The Deluxe Series by Safe-Way gives you the choice of uncompromised looks and value in either a contemporary style panel design or a traditional style carriage house design. Panels available in flush, raised and carriage house style give you many options to compliment the look of your home. These attractive doors feature wood grain embossing for a beautiful wood – like appearance but with the durability and performance of steel for an outstanding value. Both insulated and non-insulated models are available along with decorative hardware options and an updated color pallet to enhance the appearance of your home.
