Precheck

Insurance verification that keeps the day moving

**"Let me check your insurance," shouldn't take
all morning.**

Precheck automatically verifies insurance for scheduled patients and pulls benefits details in seconds—no hold music, portals, or paperwork.

Insurance Remaining

Deductable

Reclaim 20+ hours every week

Automated insurance verification for patients up to 14 days in advance and instant benefits breakdowns for walk-ins and emergencies allows your administrative team to move onto other things.

See everything in a single view

Precheck shows you eligibility, code-level coverage, frequency limits, remaining benefits, and treatment history within Pearl's Smart Schedule or Daily Huddle.

Advance same-day care

Give patients clear answers about plan coverage and remaining benefits that ease their financial concerns while they consider treatment.
