

Precheck™

Next-generation insurance eligibility & benefits verification, powered by AI.

Automated insurance verification brings breakthrough efficiencies to front office teams. Precheck™ raises auto-verification to another level with breakthrough features designed for unparalleled accuracy and greater patient trust.

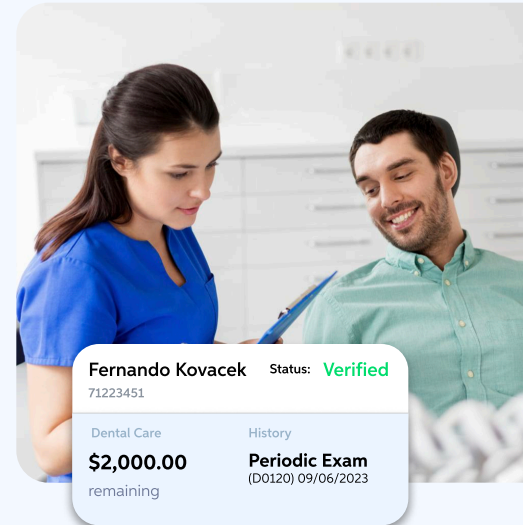

Save Time, Enhance Efficiency: Reduce the hours spent on manual verification, allowing your team to focus on patient care and practice growth.

Improve Patient Satisfaction: Provide patients with upfront, detailed information about their coverage, increasing transparency and trust.

Increase Revenue, Decrease Errors: More accurate insurance verification leads to better treatment planning, fewer billing errors, and optimized revenue.

Key Features at a Glance

- Multi-source verification for more complete data
- Code-level feedback for more detailed insights
- Comprehensive breakdowns for more informed decisions
