Creating Your Menu

Great food brings people together, and our chefs will help you create a menu that feels perfectly suited to your celebration. Begin with a selection of beautifully presented canapés or a generous grazing table, giving your guests time to relax, mingle, and enjoy the surroundings after the ceremony.

For the main meal, choose from a range of dining styles:

Buffet Dining

A generous selection of dishes, with guests invited to the buffet table by table to ensure a relaxed, well-organised dining experience.

Set Menus

A thoughtfully designed plated menu for a more traditional and elegant dining experience.

Banquet – Shared Plates

Beautiful dishes are served to the table for guests to share, creating a warm and relaxed atmosphere.

Our Wedding Coordinator can talk you through the menu options currently available. As our menus change seasonally, the choices offered will depend on the time of year and the lead-in time to your wedding. Final menu selections are generally confirmed one to two months before your special day.

For couples looking for something a little different, our chefs can work with you to create a bespoke menu tailored to your tastes, ideas, and vision for the day. Additional charges may apply depending on the ingredients, preparation, and style of service selected.

Children's meals and dietary requirements can also be arranged and catered for.

From the first bite to the final course, we aim to create a dining experience that you and your guests will remember.
