

Diploma of Business

Start your Business career with us.

Are you looking to launch your career in business? Get the qualification, knowledge and practical skills you need to succeed with Diploma of Business. Start making things happen today and follow a career in a growing and stable industry.

The Diploma of Business aims to equip graduates with the requisite skills and knowledge to meet and adapt to the above and emerging challenges. It offers students foundational units in core business disciplines which will contribute to a variety of learning pathways into the future.

Graduates will be well equipped to apply integrated technical and theoretical business concepts in a broad range of contexts to undertake paraprofessional work and as a pathway for further learning.
