ON THE SCENE Ageless Evolution Longevity Summit

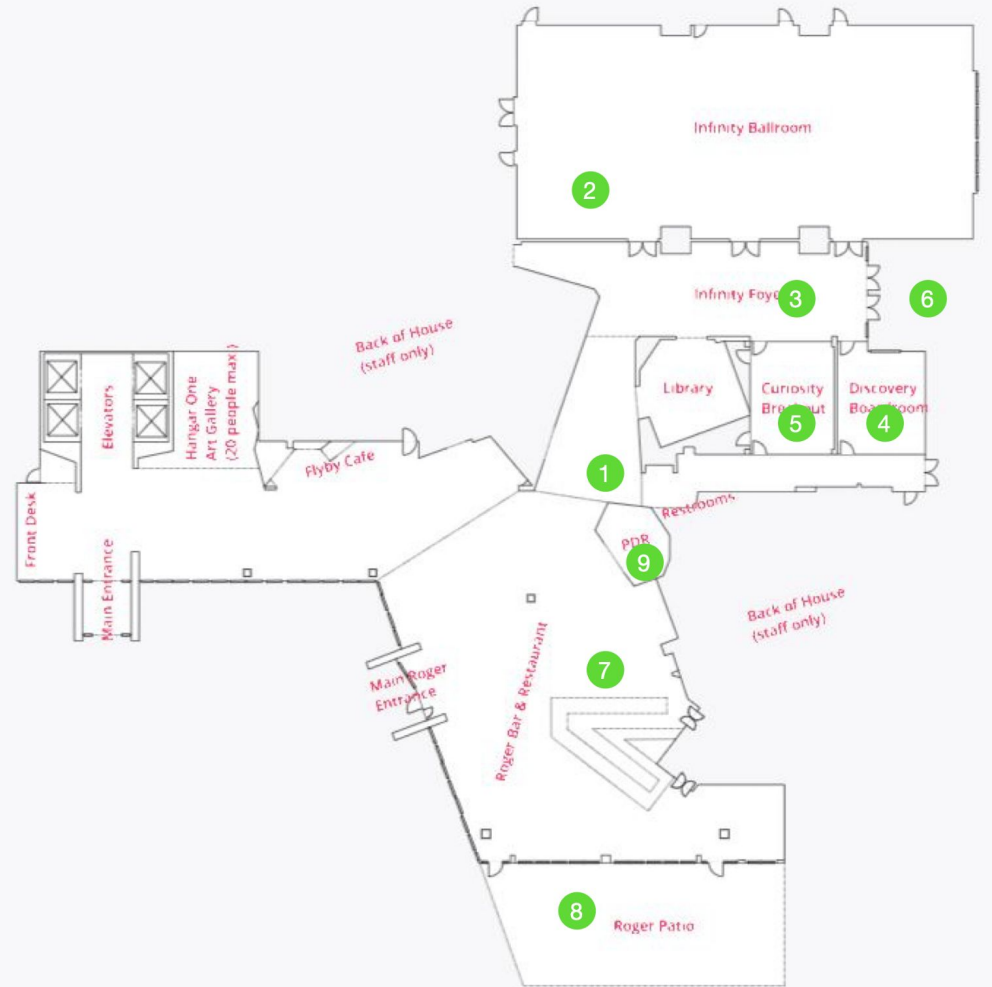

The Ageless Evolution Longevity Summit brought together a remarkable convergence of visionaries, experts, investors and curious minds, all united by the shared goal of advancing longevity and well-being. Hosted at the Ameswell Hotel, the summit looked into the latest breakthroughs in health, wellness, biotechnology and the science of aging. Attendees enjoyed insights from leaders in the field, including applied neuroscientist **Dr. Nikolaos Dimitriadis** (director at EY), **Dr. Wei-Wu He** (executive chairman at Human Longevity), **Tiffany Joy Bose** (OM Impact Fund) and **Dr. Aubrey de Grey** (LEV Foundation). A highlight of the event was a session with **Louie Schwartzberg**, director of Fantastic Fungi, who now explores innovative healing modalities. The event also included a soothing massage station, VC pitch rooms and live music.

**The layout of the hotel is to the right.
