So how does this work? (Sample Rental Agreement)

EXAMPLE:

Event Type: Company Meeting

Sample Date: Saturday, August 14th

Guest Arrival: 7:00 pm

Guest Departure: 10:00 pm

Guests: 40

Tech Requirements: Powerpoint Presentation

Drinks? Yes - Non-alcoholic drink service for guests.

First, we add additional time to the start and end of your event in order to accommodate set-up, arrivals, preparation, deliveries, etc. as well as departures, clean-up, etc. The exact amount of time is dependent on the nature of the event. In this instance, we assume 1 hr. before and 1 hr. after (2 hrs. total). So, the "total billable event time" is 5 hrs. (5 hrs. x \$400/hr. = \$2,000)

Staffing is dependent on the nature and size of the event. Something very simple & straightforward for < 50 people typically requires two people. More involved or complex events (A/V, performance, extensive food/drink, etc.) and/or large events (i.e. >50 people) typically require 3+ people. In this instance, we assume the event requires 3 people. (\$25/hr./person x 3 people x 5 hrs. = \$375)

Non-alcoholic beverage service is \$10/hr/person. So, we multiply that cost by the number of anticipated guests (40 guests) by the stated event time (3 hrs.). (\$10/hr/person x 40 guests x 3 hrs. = \$1,200)

Finally, we add a small cleaning fee (\$250) to each event so the theater is professionally cleaned.

Therefore, the total cost of this sample event is:

Space Rental - \$2,000

Staffing - \$375

Beverage Service - \$1,200

Cleaning - \$250

Total - \$3,825
