WELCOME TO OUR WORLD

Staverton has a longstanding history in office furniture design. We are recognised for bringing form, function and flexibility together without compromise. By involving our clients at every stage of the work process, we find –together– the right solution for their specific needs.

British and proud, we have a manufacturing facility in South Yorkshire and a showroom in Clerkenwell, London. With the latest BAZ processing machinery recently installed, the factory has more than 38,000 sq ft of space for manufacture and assembly and ample room for our design team to turn client requirements into fully developed designs.

Staverton's skilled team of professionals is committed to delivering the highest quality requirements: our products are designed to achieve FIRA's gold standard, the world's leading independent furniture testing centre. Our bespoke approach, innovative design and collaborative method have earned us a name as a responsible and reliable award-winning British manufacturer.

We comply with all industry regulations, including the supply of responsibly sourced wood, on-site personnel safety and conduct, quality control, and adherence to management standards such as ISO 9001, ISO 14001, BSI Membership, Safe Contractor Certificate, FIRA Gold Certificate, FISP Membership and FSC Certificate.

POSITIVE CHANGE

We need to be the change we want to see. Leading by example while learning from others is the best way to drive change.

Business as usual is no longer enough. Nor is merely complying with regulations. We must do more than is expected of us. We need to improve each day. We need to understand our whole impact on the world. And we need to work together to ensure that we learn from each other and drive change.

There is an onus on us not just as manufacturers and designers of products but as individuals. Sustainability can be designed into systems and products, but the real change we need to see is in our attitudes and behaviours. We are all in this together and we all have a role to play.

[Join Us](#)

Respect for the environment is in Staverton's DNA. We care for our setting by creating sustainable, environmentally friendly products.

Flip-Top Tables

Product Features

Flip-Top Tables

In today's modern office, flexibility is key and our Flip-Top Table is designed to adapt to changing demands with ease. Perfect for training spaces, meeting rooms and multi-purpose environments, it combines mobility, modularity and smart design.

Easy To Use Mechanism

The frames feature an innovative neutrally pivoted release mechanism with integrated adjustable dampening. This ensures a smooth, controlled flipping action that is safe, easy to operate and prevents premature opening or closing.

Key benefits:

- User-friendly release mechanism for effortless operation
- Four foot designs to complement different environments
- Quick and easy to assemble
- Accommodates multiple top shapes and sizes: rectangular, semi-circular, trapezoidal and circular

Standard sizes:

- Rectangular: 1000–2000mm length x 600–800mm depth
- Circular: 800, 1000, 1100 and 1200mm diameter
- Semi-Circular: 1200, 1500 and 1600mm diameter
- Trapezoidal: 1200–1600mm length x 600, 750 or 800mm depth

Staverton is committed to a range of socially aware goals, from addressing individual well-being to ensuring minimal environmental impact. [Discover more about our efforts.](#)
