

Forging Resilient Systems for People Who Think and Feel

How We Support Mission Success

Human-Centered Modernization

- ◆ Agile change enablement
- ◆ Digital transformation for mission outcomes
- ◆ User-centered design & behavioral science
- ◆ Modern collaboration ecosystems (MS365, Google Workspace)

Cybersecurity & Threat Readiness

- ◆ Risk Management Framework (RMF) and A&A
- ◆ Threat-informed cyber exercises
- ◆ Continuous security monitoring
- ◆ Insider threat mitigation
- ◆ Vulnerability & penetration testing

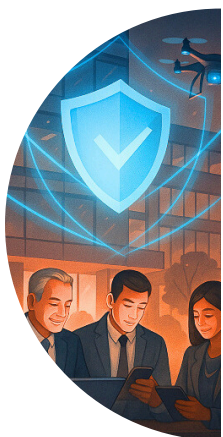

Ethical AI & Governance Solutions

- ◆ AI risk assessments aligned to NIST AI RMF & EO 13960
- ◆ Bias testing and explainability mapping
- ◆ Algorithmic accountability & human oversight
- ◆ AI compliance integration with cybersecurity controls

Incident & Disaster Response

- ◆ Technical assistance for FEMA/HHS missions
- ◆ Crisis communications and field-deployable teams
- ◆ Real-time mission support coordination
- ◆ Cross-sector interoperability planning

Organizational Resilience

- ◆ Business impact analysis (BIA)
- ◆ Continuity of Operations (CoOP)
- ◆ Contingency & emergency response planning
- ◆ Workforce resilience & leadership continuity
- ◆ Readiness assessments

AetherForge is a certified Woman-Owned Small Business delivering cybersecurity, organizational resilience, AI governance, and modernization solutions that protect national security and empower human decision-making.
