Petition For Constitutional Amendment

We, the undersigned registered and duly qualified electors of the State of Illinois, petition to amend Article IV of the Illinois Constitution with the language set forth on the back of this petition by placing this proposed amendment before the electors of Illinois at large by referendum at the General Election to be held on the 3rd day of November, 2026.

The purpose of the 2026 Redistricting Amendment is to amend Sections 1 and 3 of Article IV of the Constitution to change the structure of the General Assembly so that the number of Legislative Districts is based on the population of the state following each decennial census and to change the procedure by which the General Assembly draws Legislative District maps by constituting a Legislative Redistricting Commission that will draw Legislative and Representative District maps using rational, neutral criteria.

2026 Redistricting Amendment

SECTION 1. Legislature – Power and Structure

The legislative power is vested in a General Assembly consisting of a Senate and a House of Representatives, members of which shall be elected by the electors from Legislative Districts and Representative Districts. In the year following each Federal decennial census, the number of Legislative Districts in the State shall be determined by dividing the population of the State by 215,000 and reducing that resulting quotient to the nearest odd whole number.

* * * * *

SECTION 3. Legislative Redistricting

(a) Legislative Districts shall be compact, contiguous and substantially equal in population. Representative Districts shall be compact, contiguous, and substantially equal in population.

Legislative and Representative Districts shall comply with the United States Constitution and federal law concerning voting rights. Political party registration and voting history data of the population or specific people shall not be considered in developing or approving a redistricting plan and may only be used if necessary to confirm that a plan complies with federal law.

Subject to the preceding criteria, Legislative Districts and Representative Districts shall be drawn to preserve a county within a single Legislative District and a single Representative District or within as few Legislative Districts and as few Representative Districts as possible and to minimize to the greatest extent possible the number of counties included in a Legislative District or Representative District.

Subject to the preceding criteria, Legislative Districts and Representative Districts shall be drawn to maximize the compactness of Legislative Districts and Representative Districts to the greatest extent possible.

Subject to the preceding criteria, Legislative Districts and Representative Districts shall be drawn to follow county, municipal and township boundaries, and to include undivided census tracts to the extent possible.

(b) In the year following each Federal decennial census year, the General Assembly shall constitute a Legislative Redistricting Commission that shall redistrict the Legislative Districts and the Representative Districts pursuant to the procedures set forth in this Section 3.

The Legislative Redistricting Commission shall be constituted not later than February 1 of that year. The Commission shall consist of twelve members, no more than six of whom shall be members of the same political party.

The Speaker and Minority Leader of the House of Representatives shall each appoint to the Commission one Representative and two persons who are not members of the General Assembly. The President and Minority Leader of the Senate shall each appoint to the Commission one Senator and two persons who are not members of the General Assembly.

The members shall be certified to the Secretary of State by the appointing authorities. A vacancy on the Commission shall be filled within five days by the authority that made the original appointment. A Chairman and Vice Chairman shall be chosen by a majority of all members of the Commission.

Not later than July 10, the Commission shall file with the Secretary of State a redistricting plan approved by at least seven members. The Commission shall concurrently file with the Secretary of State a report detailing the process by which it completed the redistricting plan.

If the Commission fails to file an approved redistricting plan by July 10, the Supreme Court shall submit the names of two persons, not of the same political party, to the Secretary of State not later than August 1.

Not later than August 5, the Secretary of State publicly shall draw by random selection the name of one of the two persons to serve as the thirteenth member of the Commission.

Not later than September 5, the Commission shall file with the Secretary of State a redistricting plan approved by at least seven members, and shall concurrently file with the Secretary of State a report detailing the process by which it completed the redistricting plan.

An approved redistricting plan filed with the Secretary of State shall be presumed valid, shall have the force and effect of law and shall be published promptly by the Secretary of State.

The Supreme Court shall have original and exclusive jurisdiction over actions concerning redistricting the House and Senate, which shall be initiated in the name of the People of the State by the Attorney General.
