CREATE
SPACE

CALYX [from Latin calyx = calyx, perianth]

A new product in the SunSquare portfolio is the SunSquare® CALYX.

The geometry of the new SunSquare® product is reminiscent of a calyx.

From a calyx grows a beautiful new blossom, as if from the space and the space and frame of a SunSquare® CALYX inspiration and ideas can arise.

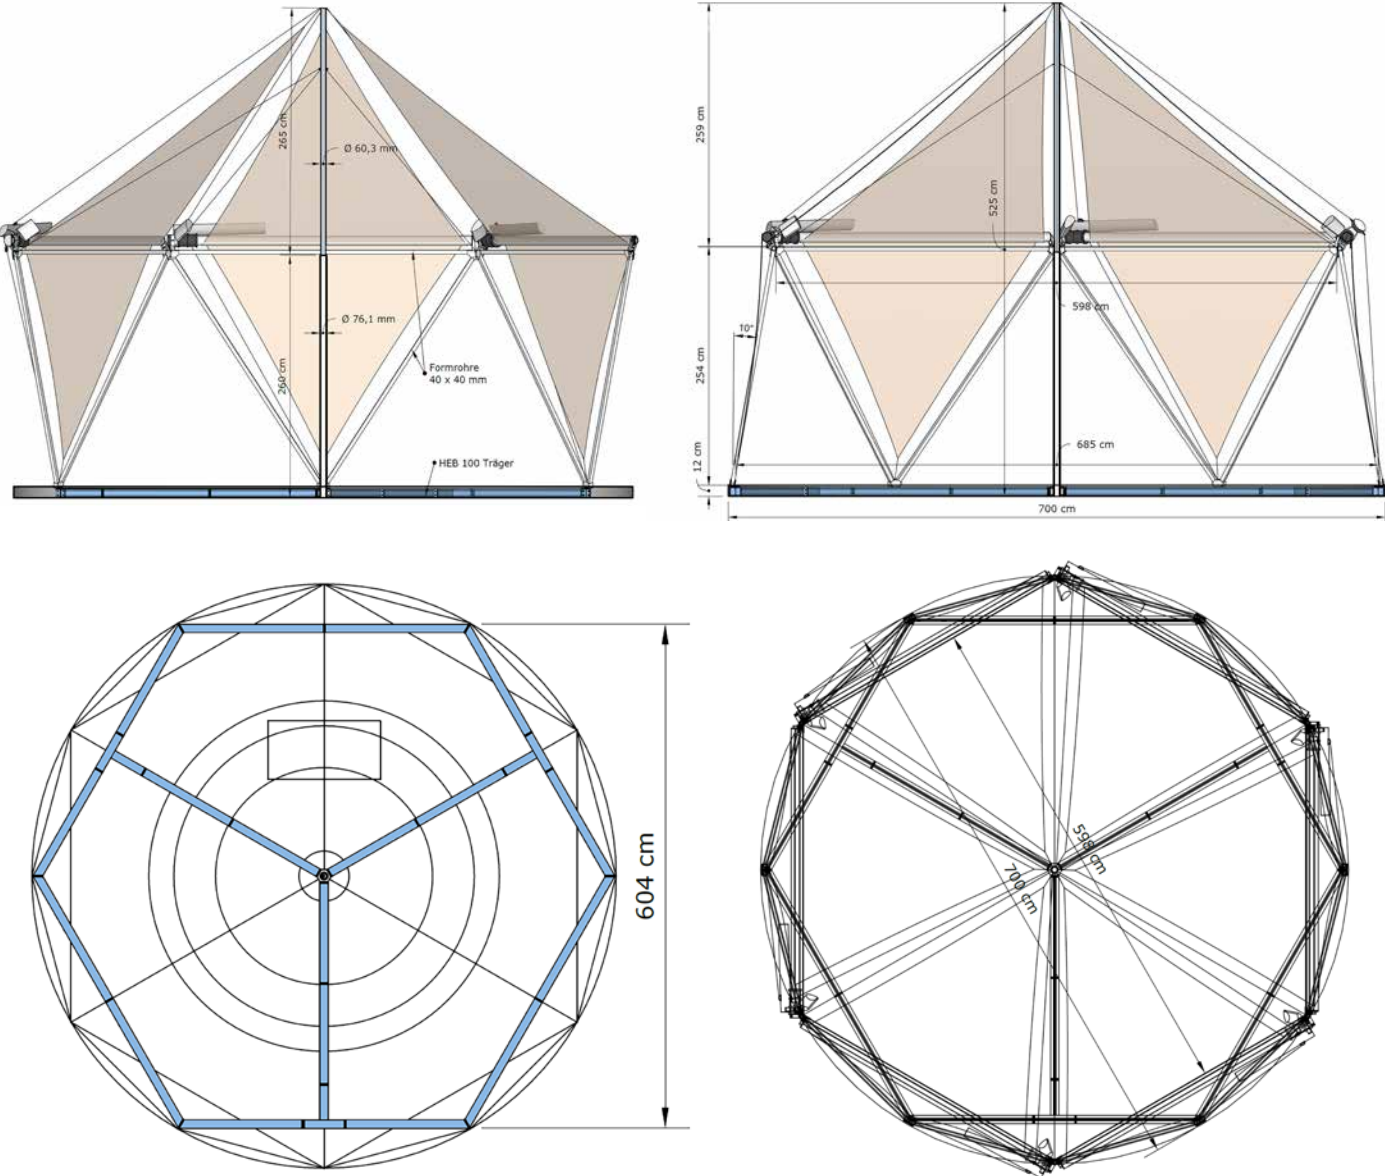

PERFECT MATCH

The SunSquare® CALYX is a perfect match for the catering industry, the hotel industry, cafés or even beach bars or ... the next party!

„The focus is on architectural harmony and the created area of shadow.“
