WP2033 LED WALL PACK

The LED wall pack is an ideal solution for wall-mounted lighting projects. Three geometric shapes are available for different environments. A 4-in-1 switch allows selection of lighting direction, CCT, wattage, and photocell ON/OFF control. The D2D photocell can automatically turn off at sunrise or during the day and automatically light up at sunset or at night. It is a highly efficient and energy-saving lighting solution designed for long-lasting performance.
