## Project Spotlight:

## Sewon

**P**roject **Sewon** will be wrapping up soon as is **the biggest Tilt job on the books to date**. The Tilt team once again pulled out the seemingly impossible on a complicated job! The overhead view of the job consisted of: 101 spread footings, 3,563 LF of continuous footing, 432,425 SF of slab on grade concrete, 30,008 SF of office slab on grade, 84,925 SF of smooth finish tilt panels, 200,872 SF of concrete pave, 18,461 SF of non reinforced casting bed, 418 TNS of rebar, 72,659 SF of slab on grade in the press pit, 9,112 SF of mat foundation—18,778 SF of 12" thick concrete wall, 9,654 SF of 18" CIP elevated lid. To say the least GGC is grateful to have the opportunity to build this job with **Evans General Contractors**. The GGC team has received many accolades for their stellar performance from the Evans Operations Team over the life of the project. This performance has continued on our relationship with Evans that is already building momentum on the next round of project awards.

## Newly Awarded Work Q1

Starbucks Logistics	IND	\$1,500,000
Northeast Georgia Rehab	COM	\$1,200,000
Auburn STEM	HS	\$1,500,000
Creative Homes	TILT	\$7,500,000
ATL 01	IND	\$5,000,000
Black Nickel	TILT	\$11,000,000
MCAR	HS	\$1,300,000
KSU STEM	COM	\$2,000,000
CCO-06	IND	\$8,000,000

## GGC Anniversaries Q1

Marco Tino	6 Years	1/22/18
Blake Eberhard	6 Years	1/29/18
Josh Hoepker	4 Years	1/06/20
Brad Ladner	11 Years	2/01/13
David Martinez	7 Years	2/06/17
Billy Merck	5 Years	2/17/19
Chris Salmon	4 Years	2/17/20
Jake Davis	3 Years	2/15/21
Mckenna Salmon	3 Years	2/15/21
Brett Blanton	8 Years	3/14/16
Matt McLaren	7 Years	3/27/17
Luke Gettmann	6 Years	3/19/18
Brian Pulley	5 Years	3/11/19
Roger Black	4 Years	3/30/20
Jorge Mendiola	3 Years	3/08/21
Samuel Reyes	3 Years	3/15/21
Landon Poitra	2 Years	3/29/22
Rafael Cruz	1 Year	3/13/23

## World of Concrete Vegas, NV with a Georgia Concrete

2024 was kicked off in Las Vegas, NV with a proud group from Greater Georgia Concrete in attendance. We all enjoyed ourselves and had some really great experiences. The convention alone was unreal as *WOC is the largest conference held in the world*. So many new innovative ways of doing the work that we all are used to are quickly coming down the pipe as technology improves. From project management classes to the improvement of place and finish practices, the ideas and pictures of seemingly impossible concrete tasks shown light on doing the impossible. Although I left Las Vegas without the cash that I brought, it was a wonderful experience and a necessary trip for anyone in the industry that is interested in improving their industry knowledge. GGC Attendees: **Jacob Puche, Nate Chancey, Julian Ureno, Paul LeMay, and Jonathan Browning.**

## Atrium health amphitheater Soft Opening with Piedmont Construction

GC Structural and Hardscape teams attended the soft opening of the Atrium Health Amphitheater (Macon Amphitheater) on March 12. Lots of local bands played and all of the associated subcontractors that worked on the job were invited to celebrate a job well done. A huge thank you to Piedmont Construction as this job wraps up. The first bands to play in the new amphitheater will be **ZZ Top** and **Lynyrd Skynyrd**. We are so thankful to our teams that made this job a success, and a new staple to the revitalization efforts of Macon.
