

Product Details

Chobchini

Chobchini (*Smilax china*), commonly known as China Root, is a perennial climbing shrub from the Smilacaceae family. It is native to India, China, and other parts of Asia, thriving in hilly and forested regions. The plant is recognized by its woody, twining stems with thorny branches, broad oval-shaped leaves, and clusters of small greenish-yellow flowers that mature into bright red berries. Its thick underground rhizomes are the most valued part, traditionally used in Ayurveda, Unani, and Chinese medicine for their therapeutic properties.

Smilax china

China Root

Active Ingredients

Part Used: Root

Ratio: 5:1 (Dry Extract)

Purity: 100%

Shelf Life: 36 Months

LET'S TALK

Medicinal Uses

Chobchini is prized for its wide range of medicinal benefits, particularly for skin and joint health. Its rhizomes have strong anti-inflammatory, detoxifying, and blood-purifying properties, making them effective in managing skin problems such as eczema, psoriasis, and acne. They are also widely used for relieving arthritis, gout, and rheumatism by reducing pain and swelling. Beyond this, Chobchini aids digestion, supports healthy metabolism, helps regulate blood sugar, and boosts immunity. Traditionally, it has been included in herbal formulations for its rejuvenating effects and overall support to health and vitality.

Form: Powder*

* Soft/Paste form also available

Size: 1kg, 5kg, 25kg

Packaging Type: HDPE Drum

Country of Origin: India
