

Product Details

Gawar Patha, Kumari

Aloe barbadensis is a succulent plant native to the Arabian Peninsula but cultivated globally for its medicinal benefits derived from thick fleshy leaves filled with clear gel alongside bitter latex beneath the leaf skin. This plant thrives in arid climates and has been used for centuries across cultures due to its remarkable healing properties particularly noted for soothing skin irritations while providing digestive support through latex use when applied judiciously.

Aloe barbadensis

Aloe Vera, Indian Aloe

Active Ingredients

15% Musilage

Part Used: Leaves

Ratio: 15:01 (Dry Extract)

Purity: 100%

Shelf Life: 36 Months

Medicinal Uses

Aloe vera, known locally as Kumari or Gawar Patha, is a plant with diverse applications and a long history of therapeutic use. Well-known for its skin-soothing properties, aloe vera gel hydrates the skin, reduces irritation, and diminishes inflammation, thus being effective in treating burns, wounds, and a number of skin disorders. Apart from skin health, it helps in digestion by mitigating constipation and helping gut health. Its detoxifying action smoothes the working of the liver and kidneys, hence healing the whole body. Besides, aloe vera is said to boost immunity, nourish scalp areas for healthy hair growth, and help manage diabetes with proper blood sugar regulation by bringing metabolic health in order.

Form: Powder*

* Soft/Paste form also available

Size: 1kg, 5kg, 25kg

Packaging Type: HDPE Drum

Country of Origin: India
