

Product Details

Kapoor Kachari

It is a perennial herb from the Zingiberaceae (ginger) family. It thrives in the Himalayan regions and temperate zones of India at altitudes of 1,500 to 2,500 meters. The plant has lance-shaped, dark green leaves and fragrant, pale yellow to orange flowers with a reddish base. Its aromatic, thick, and fibrous rhizomes are harvested for medicinal use. Known for its distinctive camphor-like aroma, it is widely used in Ayurvedic medicine, perfumery, and traditional healing practices.

Hedychium spicatum

Spiked Ginger Lily

Active Ingredients

-

Part Used: Seeds

Ratio: 10:01 (Dry Extract)

Purity: 100%

Shelf Life: 36 Months

Medicinal Uses

Kapoor Kachari is highly valued in Ayurveda for its anti-inflammatory, antimicrobial, and digestive properties. The rhizomes are used to treat respiratory disorders, improve digestion, and relieve congestion. It acts as an expectorant, helping to clear phlegm and soothe coughs. Its antimicrobial nature makes it effective in preventing infections and promoting wound healing. Additionally, Kapoor Kachari is used in hair care formulations to strengthen hair roots and prevent dandruff. Its aromatic nature also makes it a popular ingredient in Ayurvedic oils and herbal cosmetics, enhancing skin and scalp health.

Form: Powder*
