

Product Details

Senna, Sanay, Swarnapatri

Cassia angustifolia, commonly known as Senna, is a flowering plant native to tropical regions of Africa and Asia. The leaves are primarily used as a natural laxative due to their anthraquinone content, which stimulates bowel movements. Senna has been traditionally used to treat constipation and promote digestive health.

Cassia angustifolia

Senna Leaf, Indian Senna

Active Ingredients

10% Sennoside

Part Used: Leaves

Ratio: 07:01 (Dry Extract)

Purity: 100%

Shelf Life: 36 Months

Medicinal Uses

Senna has been used for many years in traditional medicine. This plant is highly valued for its very strong laxative effect. It relieves constipation by increasing the movement along the bowels, thus promoting the elimination of wastes. Apart from the laxative action, it is valuable in detoxification and digestion. Besides improving the metabolism and cleansing the intestines, it will also help a person maintain weight and keep generally healthy. Senna is also blood-purifying; hence, this plant will be considered a skin health herb, especially in the treatment of skin acne conditions. The general properties of keeping good health are increased by its liver supportive action. Appropriately used, Senna assured a gentle, effective natural solution for occasional constipation, ensuring relief and comfort of digestion.

Form: Powder*

* Soft/Paste form also available
