

Product Details

Shankhpushpi

It is a small, perennial herb native to the Indian subcontinent. The plant features slender, creeping stems with ovate, light green leaves that grow alternately along the stems. Shankhpushpi produces delicate, funnel-shaped, pale blue to white flowers that bloom in clusters, giving it an attractive appearance. The plant thrives in well-drained, sandy soils and can often be found in grasslands, open fields, and along roadsides. Its roots and aerial parts are the most commonly used in traditional healing systems.

Convolvulus pluricaulis

Morning-glory, Aloe weed

Active Ingredients

2% Bitters

Part Used: Whole plant

Ratio: 10:1 (Dry Extract)

Purity: 100%

Shelf Life: 36 Months

Medicinal Uses

Shankhpushpi (*Convolvulus pluricaulis*) is renowned for its numerous medicinal benefits, especially in Ayurvedic medicine. The plant is primarily used for its cognitive-enhancing properties, known to improve memory, concentration, and mental clarity. Shankhpushpi is often referred to as a natural brain tonic, helping in reducing stress, anxiety, and promoting mental calmness. It is also beneficial for improving sleep quality due to its mild sedative effects. Additionally, Shankhpushpi has anti-inflammatory, antioxidant, and rejuvenating properties, making it helpful in managing conditions like hypertension, fatigue, and overall weakness. It is considered a valuable herb for improving the nervous system and supporting overall cognitive function.
