

Product Details

Gulab Phool

Gulab Phool (*Rosa indica*), popularly known as the Indian Rose, is a perennial shrub cherished for its beauty and fragrance. A member of the Rosaceae family, it flourishes in moderate climates with well-drained soil. The plant features thorny stems, glossy serrated leaves, and striking blossoms in shades of red and pink that bloom almost year-round. Cultivated widely in gardens and farms, it is valued not only as an ornamental flower but also for its use in perfumes, skincare, and traditional healing practices.

Rosa indica

Cyme Rose

Active Ingredients

Part Used: Flower

Ratio: 10:1 (Dry Extract)

Purity: 100%

Shelf Life: 36 Months

Medicinal Uses

Rosa indica is esteemed in Ayurveda and folk medicine for its gentle yet powerful therapeutic qualities. The petals possess cooling, antioxidant, and anti-inflammatory properties, making them useful for calming the mind, improving skin health, and aiding digestion. Rose-based formulations are also used for supporting heart health, easing respiratory discomfort, and soothing eye conditions. Additionally, rose water, distilled from its petals, is renowned as a natural skin toner and coolant, widely applied for rejuvenation and overall wellness.
