LET'S TALK

Medicinal Uses

Rasna Leaves (*Vanda roxburghii*) are used in traditional Ayurvedic medicine for their various therapeutic benefits. Known for their anti-inflammatory and analgesic properties, Rasna is commonly used to treat musculoskeletal issues such as joint pain, arthritis, and muscle inflammation. The leaves are also believed to support respiratory health by relieving coughs and asthma symptoms. Additionally, Rasna is used to improve digestion, relieve abdominal discomfort, and reduce bloating. Its cooling effects make it beneficial for treating conditions related to excess heat in the body, such as fever and skin irritations.
