

## Product Details

### Apamarg

Apamarg is a widely distributed annual herb belonging to the Amaranthaceae family. It is commonly found across India and tropical regions, growing in wastelands, fields, and roadsides. The plant has erected, branched stems with simple, opposite leaves and small greenish-white flowers arranged in dense spikes. The roots, leaves, and whole plant are used in traditional medicine, with the plant recognized for its bitter taste and astringent properties. Apamarg is often valued for its hardiness and rapid growth, making it easily accessible.

### Achyranthes aspera

Prickly Chaff Flower

#### Active Ingredients

-

Part Used: Whole plant

Ratio: 10:1 (Dry Extract)

Purity: 100%

Shelf Life: 36 Months

#### Medicinal Uses

Apamarg is celebrated in Ayurveda for its detoxifying, anti-inflammatory, and diuretic properties. It is traditionally used to support kidney and urinary health, aid in digestion, and manage conditions such as fever, edema, and urinary stones. The plant exhibits antimicrobial and wound-healing properties and is also employed to balance the Pitta and Kapha doshas. Rich in bioactive compounds like saponins and alkaloids, Apamarg is used in formulations for respiratory disorders, skin diseases, and as a general health tonic to boost immunity and overall vitality.

Form: Powder\*

\* Soft/Paste form also available

Size: 1kg, 5kg, 25kg

Packaging Type: HDPE Drum

Country of Origin: India
