

Product Information

Bakayan

Bakayan is a fast-growing deciduous tree belonging to the Meliaceae family. It is widely found across India in plains and sub-Himalayan regions. The tree has compound, serrated leaves, small fragrant lilac-colored flowers, and round yellow fruits. Various parts of the plant, including bark, leaves, flowers, and fruits, are used in traditional Ayurvedic and folk medicine. Melia azedarach grows well in warm climates and well-drained soils.

Chinaberry tree

Active Ingredients

Dry Powder Extract

Active: -

Ratio: 10:1

Soft Paste Extract

Active: -

Ratio: 7:1

Part Used: Fruit

Medicinal Uses

Melia azedarach is traditionally used in Ayurveda for its antimicrobial, anti-inflammatory, and antiparasitic properties. The bark and leaves are helpful in managing skin disorders, wounds, and infections. It is also used to support digestive health and in the treatment of intestinal worms. Bakayan exhibits antifungal and insecticidal activities, making it useful for external applications. Its therapeutic properties make it a valuable ingredient in herbal formulations for skin care, detoxification, and general wellness.

Purity: 100%

Shelf Life: 36 Months

Size: 1kg, 5kg, 25kg

Country of Origin: India
