

Product Information

Draksha

Draksha is a deciduous climbing vine of the Vitaceae family, widely cultivated in India and temperate regions. The plant has trailing stems with lobed leaves, small greenish-white flowers in clusters, and oval-shaped berries. Both fruit and seeds are used in traditional Ayurvedic medicine and in culinary and cosmetic applications. Vitis vinifera thrives in well-drained soils under sunny conditions.

Vitis vinifera

Dry Grapes, Raisins

Active Ingredients

Dry Powder Extract

Active: -
Ratio: 3:1

Soft Paste Extract

Active: -
Ratio: 2:1

Part Used: Fruit

Medicinal Uses

Vitis vinifera is traditionally used in Ayurveda for its digestive, rejuvenating, and antioxidant properties. The fruits help improve digestion, provide energy, and support heart health. The seeds exhibit anti-inflammatory, antimicrobial, and anti-aging effects, promoting overall wellness and vitality. Rich in polyphenols, flavonoids, and vitamins, Draksha supports immunity, skin health, and metabolic balance. Its therapeutic properties make it a valuable ingredient in herbal, nutritional, and cosmetic formulations.

Purity: 100%
Shelf Life: 36 Months
Size: 1kg, 5kg, 25kg
Country of Origin: India
