

Product Information

Gannamool

Gannamool is a tall perennial grass belonging to the Poaceae family. It is widely cultivated in India and tropical regions for its sweet, juicy stalks. The plant has long, jointed stems, narrow green leaves, and produces small spike-like flowers. The stalks and roots are primarily used in traditional Ayurvedic medicine for their therapeutic properties. Saccharum officinarum thrives in well-drained, fertile soils under sunny and humid conditions.

Saccharum officinarum

Sugarcane

Active Ingredients

Dry Powder Extract

Active: -

Ratio: 10:1

Soft Paste Extract

Active: -

Ratio: 7:1

Part Used: Stem

Medicinal Uses

Saccharum officinarum is traditionally used in Ayurveda for its cooling, diuretic, and digestive properties. The stalk juice and roots help manage urinary disorders, reduce body heat, and support liver and kidney health. It also exhibits antioxidant, anti-inflammatory, and rejuvenating effects, promoting overall wellness and vitality. Rich in sugars, minerals, and bioactive compounds, Gannamool aids in energy provision, detoxification, and general health maintenance, making it a valuable ingredient in herbal and nutritional formulations.

Purity: 100%

Shelf Life: 36 Months

Size: 1kg, 5kg, 25kg

Country of Origin: India
