

Product Information

Green Tea

Green Tea is a small evergreen shrub native to East Asia. Its leaves are minimally processed to retain antioxidants like catechins. Green Tea is known for boosting metabolism, improving digestion, and promoting heart health. It also offers anti-inflammatory, antioxidant, and anti-aging benefits, making it popular in skincare. Additionally, it supports mental clarity and overall well-being.

Camelia sinensis

Tea Plant

Active Ingredients

Dry Powder Extract

Active: 50% Polyphenols
Ratio: 6:1

Soft Paste Extract

Active: 30% Polyphenols
Ratio: -

Part Used: Leaves

Medicinal Uses

Camelia sinensis is a popular beverage and herbal remedy known for its numerous health benefits. It is rich in antioxidants, particularly catechins, which help fight free radicals, reduce inflammation, and promote overall health. Green tea is widely used to boost metabolism, aid in weight loss, and improve heart health by lowering cholesterol levels and improving blood circulation. It is also beneficial for promoting healthy skin, improving digestion, and enhancing brain function by boosting alertness and focus. Additionally, green tea has anti-cancer properties and supports the immune system, making it an excellent choice for overall wellness.
