

Product Information

Kachnar

Kachnar is a small deciduous tree or shrub of the Fabaceae family, found in tropical and subtropical India. It has distinctive bilobed leaves, slender branches, and yellow bell-shaped flowers with a dark maroon center that develop into elongated seed pods. Bark, leaves, and buds are used in traditional Ayurvedic medicine. Kachnar thrives in well-drained soils and is valued for its ornamental beauty and therapeutic properties.

Bauhinia variegata

Mountain Ebony

Active Ingredients

Dry Powder Extract

Active: 20% Tannins
Ratio: 10:1

Soft Paste Extract

Active: 12% Tannins
Ratio: 7:1

Part Used: Bark

Medicinal Uses

Bauhinia variegata is traditionally used in Ayurveda for its astringent, anti-inflammatory, and digestive-supporting properties. The bark and flower buds help manage thyroid disorders, diarrhea, skin diseases, and bleeding conditions. The plant also exhibits antimicrobial, antioxidant, and wound-healing effects, supporting immunity and overall wellness. Rich in flavonoids and bioactive compounds, Kachnar is used in herbal formulations for digestive health, hormonal balance, and skin care. Its therapeutic properties make it a valuable herb in maintaining general health and vitality.

Purity: 100%
