

Product Information

Malkangni, Jyotishmati

Malkangni, Jyotishmati is a woody climbing plant native to India with small, yellowish-green flowers and capsule-like fruits, thriving in tropical and subtropical climates. In traditional medicine, it is valued for cognitive-enhancing properties, used to improve memory, concentration, and mental clarity. It has anti-inflammatory, antioxidant, and neuroprotective effects. Seeds are used in herbal formulations to support brain health.

Celastrus paniculatus

Intellect Tree, Black Oil Plant

Active Ingredients

Dry Powder Extract

Active: -
Ratio: 6:1

Soft Paste Extract

Active: -
Ratio: 3:1

Part Used: Seeds

Medicinal Uses

Celastrus paniculatus is a medicinal plant revered in Ayurvedic medicine for its cognitive and neurological benefits. Known as the "intellect tree," it is traditionally used to enhance memory, mental clarity, and overall brain function. Jyotishmati is also believed to support nerve health, alleviate stress, and reduce anxiety. Its anti-inflammatory and antioxidant properties make it useful in treating conditions like arthritis and improving circulation. The herb is also used to manage conditions like insomnia, depression, and neurological disorders, making it a valuable herb for overall mental and physical well-being.
